

SupplyNZ Situation Report as at Friday 1st May

1. 104 on the Register (7 registrations in 7 days in the week finishing Friday 1st May). See public register [here](#).
2. Enquiry has reduced significantly as New Zealand transitioned from alert level 4 to alert level 3.
3. Key questions registrants want answered:
 - (i) Can *SupplyNZ* connect me with medical experts to help validate my new face mask product concepts?
4. Key observations this week:

Makers (New Zealand manufacturers)

 - (a) One maker has developed a prototype for a new face mask product. He continues to seek medical advice to validate his idea.
